

INDEX TO VOLUME III

(An asterisk [*] after a page number indicates that the reference is an abstract and not an original article.)

A

- Abbott, Maude E., and Hamilton, W. F., 381, 574
- Accidents and heart disease, courts' point of view, 532
- insurance company's point of view, 525
- effect of, on cardiac employees, 539
- Allan, George A., 504*
- Alternation of heart, changes in conduction, 620*
- Anaphylaxis and allergy, effect of anti-rheumatic drugs on arthritis and immune body production in serum disease, 741*
- Anemia, circulatory adjustment in, 739*
- Aneurysm of aorta; complicating hypertension, 489
- dilatation of left auricle, 742*
- of left ventricle, 346
- Angina pectoris, 247*
- and hyperthyroidism, 672
- electrocardiographic changes during attack, 498*
- in a child, 495
- in young people, 1
- on the pathogenesis and surgical treatment of, 747*
- surgical treatment, 126,* 649
- Angine abdominale, 247*
- Aorta, coarctation of, 381, 574, 625*
- dilatation of, diagnosis, 243*
- roentgenographic study of, 503*
- stenosis of, cardiodynamic changes in the aorta and left ventricle due to, 739*
- Aortic valve, pulsating spleen in insufficiency of, 447*
- Aortitis, acute suppurative superimposed on, 375*
- suppurative, superimposed on syphilitic aortitis, 375*
- syphilitic, involvement of aortic valve, 374*
- Artery, coronary, anatomical studies, 260
- sclerosis of, 502*
- pulmonary anomalies of, 372*

B

- Baum, Felix, and Simon, S., 499*
- Bedford, D. Evan, 127
- and Parkinson, J., 372*

- Blackford, L. Minor, 625*
- Blalock, Alfred, and Harrison, T. R., 117*, 118*
- Blood, carbon dioxide combining capacity, 114*
- Blood flow, velocity of, 111*, 376*, 622*, 624*
- pressure, adjustment of, during prolonged standing, 119*
- effect of, on pulmonary circulation, 117*
- influence of physical training on, 120*
- mechanism of respiratory waves in, 122*
- systolic, in cardiac decompensation, 356
- volume, determination of by carbon monoxide, 741*
- Blumgart, Herrmann L., and Weiss, S., 111*, 376*, 622*, 624*
- Boas, Ernest P., and Nemet, G., 360
- de Boer, S., 122*
- Bolliger, Adolph, Hartman, F. W., Doub, F. P., and Smith, F. J., 124*
- Borman, Milton C., and McMillan, T. A., 208
- Bourne, Geoffrey, 51
- Bradbury, Samuel, and Eggleston, C., 105
- Bradycardia, post-influenzal, 244*
- Bramwell, J. Crighton, and Duguid, J. B., 742*
- Brown, George E., and Ghrist, D. G., 498*
- Brown, Margaret, 91
- Bungartz, Thekla, and Dressen, Hans, 744*
- Bunin, C. F., and Kohan, B. A., 746*
- Burrage, Walter S., and White, P. D., 246*

C

- Calcification, arterial, in diabetics, 377
- Compagna, M., and Hauser, G. H., 744*
- Campbell, J. M. H., and Sale, P. J., 115*
- Capillary, in heart disease, with regular rhythm, 114*
- pulse in aortic insufficiency, 113*
- Carbon monoxide, determination of, circulating blood volume with, 741*
- poisoning, electrocardiographic changes in, 484
- Carter, Edward P., and Faulkner, J. M., 620*

- Cheer, Sheo-Nan, Katz, L. N., and Ralli, E. P., 739*
- Circulation in prostatic surgery, 245*
coronary, 112*
effect of cardiac irregularity on, 619*, 620*
rate of, effect of digitalis on, 504*
- Clark, J. H., 245*
- Clark-Kennedy, A. E., and Owen, Trevor, 115*
- Clark, W. Irving, 539
- Clarke, R. D., Coombs, C. F., Hadfield, G., and Todd, A. T., 372*
- Clarke, Robert W., Schneider, E. C., and Ring, G. C., 120*
- Clinics, chest, 287
- Cohn, Alfred E., and Gilchrist, A. Rae, 146
- Colvin, L. T., 484
- Complex, ventricular, aberrant as an aid in diagnosis, 712
- Coombs, C. F., Clarke, R. D., Hadfield, G., and Todd, A. T., 372*
- Cooper, George, and Saphir, O., 375*
- Covey, George W., Crook, R., and Rogers, F. L., 622*
- Crawford, J. Hamilton, 196, 319
and Rosenberger, H., 113*
- Stewart, H. J., and Gilchrist, A. R., 619*, 620*
- Crook, R. Covey, G. W., and Rogers, F. L., 622*

D

- Daley, J. F. Halls, 243*
- Danielopolu, D., 247*
- Davison, Hal M., and Thoroughman, J. C., 746*
- Delhay, A., and de Groodt, A., 244*
- Derick, Clifford L., Hitchcock, C. H., and Swift, H. F., 621*, 741*
- Digitalis, effect on circulation rate in pathologic states, 504*
heart block in rheumatic fever after, 196
in heart failure with normal rhythm, 372*
in pneumonia, 246*
therapeutic uses, 499*
- Dilatation of heart, left auricle, 127
- Diphtheria, circulatory collapse in, 502*
heart after, 190
- Dock, William, 619*
- Donahue, Frank J., 532
- Doul, F. P., Hartman, F. W., Bolliger, A., and Smith, F. J., 124*
- Drake, E. H., 560
- Dresser, Hans, and Bungartz, Thekla, 744*
- Drugs, antirheumatic, effects of, on the arthritis and immune body reaction in serum disease, 741*
barium chloride in ventricular standstill, 328
ephedrin, effects on heart block, 567

Drugs—Cont'd

- sodium salicylate, effects on human electrocardiogram, 180
- Duguid, J. B., and Bramwell, J. Crignton, 742*

E

- Eckerson, Lowell B., Roberts, G. H., and Howard, Tasker, 748*
- Edmunds, C. W., and Johnston, B. S., 502*
- Edwards, Dalton J., and Gold, H., 45
- Eggleston, C., and Bradbury, Samuel, 105
- Electrocardiogram, clinical and pathological data in cases exhibiting T-wave negativity, 742*
changes in pneumothorax, 472
changes in carbon monoxide poisoning, 484
during attack of angina pectoris, 498*
effects of sodium salicylate, 180
importance of in children, 744*
in pulmonary tuberculosis, 499*
low voltage, occurrence and significance of, 245*
relation of T-wave to asyndrome between ends of right and left ventricular ejection, 121*
rhythmic alteration of ventricular complexes in paroxysmal ventricular tachycardia, 454
- Endocarditis, subacute infective, in congenital heart disease, 244*
in childhood, 745*
- Exercise, changes in blood following, 114*
effects of respiratory exchange, 115*
influence of basal respiratory exchange, pulse rate and arterial blood pressure, 120*
limitation of, in cardiac failure, 116*
- Eyster, J. A. E., 125*, 740*
and Middleton, W. S., 375*

F

- Fahr, George, 14, 741*
- Faulkner, James M., and Carter, E. P., 620*
- Feil, Harold, and Siegel, M. L., 498*
- Fibrillation, auricular, treatment with quinidin sulphate, 622*
- Flutter, auricular, with paroxysmal attacks of 1:1 response of the ventricles, 734
course and treatment, 372*
- Fontaine, Rene, and Leriche, R., 126, 649
- Frey, D., and Lukin, D., 378*
- Fried, Jacob, 498*
- Fuller, Andrew B., 734

G

- Gager, Leslie T., 489
 Galvanometer, a note on the cleaning of electrocardiographic strings, 733
 Ghrist, David G., and Brown, G. E., 498*
 Gilchrist, A. Rae, and Cohn, A. E., 146
 Gilchrist, A. Rae, Stewart, H. J., and Crawford, J. H., 619*, 620*
 Gold, Harry, and Edwards, Dayton J., 45
 Golden, Ross, and Levy, R. L., 503*
 Goodpasture, Ernest W., and House, S. J., 682
 Graef, Irving, and Hiller, R. I., 271
 Griffith, J. P. Crozer, 376*
 de Groodt, A., and Delhaye, A., 244*
 Gross, Louis, Ritter, S. A., and Kugel, M. A., 433

H

- Hadfield, G., Clarke, R. D., Coombs, C. F., and Todd, A. T., 372*
 Hamburger, Walter W., and Lev, M. W., 672
 Hamilton, W. F., and Abbott, M. E., 381, 574
 Hansen, Olga S., 712
 Harris, L., 746*
 Harrison, T. R., and Blalock, A., 117*, 118*
 Harrop, George A. Jr., and Chang, H. C., 741*
 Hart, T. Stewart, 430
 Hartman, F. W., Bolliger, A., Doub, F. P., and Smith, F. J., 124*
 Hatcher, Robert A., and Weiss, S., 123*
 Hay, John, Jones, H. W., and Ince, Phoebe, 372*
 Heart, after diphtheria, 190
 diastolic capacity of chambers, 502*
 distention of, effect of pericardium, 112*
 effects of ouabain in the presence of hypercalcemia, 45
 in hyperthyroidism, 672*
 in infections, 629
 in myxedema, 14
 mechanical efficiency of, 114*
 metastases from malignant tumors, 219
 syphilis of, 746*
 Heart block, bundle branch, 422
 a study of recognition and physical signs, 505
 complete, varying ventricular complexes, 146
 reaction to drugs, 560
 treated with ephedrin, 567
 in acute rheumatic fever after diphtheria, 196
 treatment with barium chloride, 328
 Heart classes, vocational training in, 91
 Heart disease, changes in blood following exercise, 114*, 115*
 congenital, vegetative endocarditis of valves, 244*
 accidents from insurance company's point of view, 525
 from court's point of view, 532
 congenital, interventricular septal defects, 77
 drug treatment of, 124*
 in Negro race, study of, 746*
 incidence in New England, 302
 the South, 373*
 rheumatic course of, 139
 effects of roentgen irradiation, 503*
 prevention in children, 243*
 what you should know about, 628*
 Heart failure, action of digitalis, 372*
 limitation of muscular effort in, 116*
 systolic blood pressure in, 356
 venous pressure as a guide to venesection in, 375*
 venous pressure in, 125*
 Heart irregularity, 243*, 627
 Heart muscle, conduction so-called supranormal recovery phase of, 706
 experimental myocarditis, 279
 Heart pain, in rheumatic fever, 621*
 Heart physiology, premature beats, 51, 118*
 accumulated and isolated, 122*
 circulatory minute volume in reclining, sitting and standing positions, 120*
 effect of anemia and hemorrhage on output, 117*
 effect of short anoxemia on output, 118*
 intraventricular pressure curve, 118*
 ventricular conduction change, 119*
 Heart rate, adjustment of during prolonged standing, 117*
 influence of physical training, 120*
 paroxysmal acceleration, 230
 Heart strain, aspects of, 546
 Heart valves, blood vessels in, 433
 Heinbecker, Peter, 122*
 Heitz, J., Letulle, M., and Labbe, M., 377*
 Hiller, Robert I., and Graef, I., 271
 Hitchcock, Charles H., and Swift, H. F., 621*
 Derick, C. L., and Swift, H. F., 621*
 Hochrein, M., and Morawitz, P., 502*
 House, S. John, and Goodpasture, E. W., 682
 Howard, C. P., 743*
 Howard, Tasker, Eckerson, Lowell B., and Roberts, G. H., 748*

- Hyman, Albert S., 244*, 733
 Hypertension, heart in, 741*
 arterial, transient in meningococcus
 meningitis, 378*
 Hyperthyroidism and angina pectoris,
 672
 Hypertrophy of heart, determination of,
 by roentgen ray methods, 740*
 Hypertension, postural, 105
 with syncope, 498

I

- Ince, Phoebe, Hay, J., and Jones, H.
 W., 372*
 Ionescu, D., 747*
 and Enachescu, M., 747*
 Teitel-Bernard, A., Iliescu, C., and
 Enachescu, M., 747*

J

- Johnson, Scott, and Siebert, W. J., 279
 Johnston, B. S., and Edmunds, C. W.,
 502*
 Jones, H. Wallace, Hay, J., and Ince,
 Phoebe, 372*
 Jones, T. Duckett, and White, P. D.,
 302

K

- Kahn, Morris H., and Kahn, S., 546
 Kahn, Samuel, and Kahn, M. H., 546
 Katz, Louis H., Ralli, Elaine P., and
 Cheer, Sheo-Han, 739*
 and Weinman, S. F., 121*
 Katz, Louis M., and Wiggers, Carl J.,
 117*
 Kenway, Florence L., and Reid, W.
 D., 497*
 Killins, Wendell A., and Willius, F. A.,
 245*
 King, John T., 505
 Kininmonth, J. G., 504*
 Kohan, B. A., and Bunin, C. F., 746*
 Kugel, M. A., 260
 Ritter, S. A., and Gross, L., 433
 Kurtz, Chester W., Sprague, Howard
 B., and White, Paul D., 79

L

- Labbe, Marcel, Letulle, M., and Heitz,
 J., 377*
 Lambert, R. K., and Rosenthal, A. H.,
 114*
 Langley, Robert W., 368
 Leinbach, R. F., and White, P. D.,
 422
 Leriche, René, and Fontaine, R., 126,
 649
 Letulle, Maurice, Labbe, M., and Keitz,
 J., 377*
 Lev, Morris W., and Hamburger, Walter
 W., 672

- Levin, Louis, 495
 Levine, Samuel A., 177, 743*
 Levine, Samuel A., and Stevens, W.
 B., 253
 Levy, Robert L., and Mackie, T. T.,
 124*
 and Golden, R., 503*
 Lukin, N., and Frey, D., 378*

M

- Mackie, Thomas T., 31
 and Levy, R. L., 124*
 Mahaim, Ivan, 379*
 Master, Arthur M., 472
 Maynard, E. P., 622*
 Medlar, E. M., and Middleton, W. S.,
 346
 Meek, Walter J., and Wilson, J. A.,
 112*
 Meningitis, meningococcus, transient ar-
 terial hypertension, 378*
 Meningococcus, cause of vegetative
 endocarditis, 497*
 Meyer, Jacob, and Mullen, T. F., 356
 Meyer, Jacob, and Strauss, S., 328
 Michailoff, K. F., and Solitermann, M.
 L., 118*
 Middleton, William S., and Medlar, E.
 M., 346
 and Eyster, J. A. E., 375*
 Morawitz, P., and Hochrein, M., 502*
 Moritz, F., 502*
 Morris, Laird M., 219
 Mudd, Seeley G., and White, Paul D.,
 1
 Mullen, T. F., and Meyer, J., 356
 Murmurs of heart, assessment of, 744*
 clinical significance, 499*
 Myers, Merrill M., and Peck, J. H., 287
 Myocarditis, chronic, without cardiac
 insufficiency, 430
 Myxedema, heart in, 14
 Me
 McMillan, Thomas A., and Borman, M.
 C., 208
 McSweeney, C. S., 744*

N

- Nemet, G., and Boas, E. P., 360
 Nerves, extraeardiac, an experimental
 study of, 691, 697
 investigation in mammals and men
 on heart nerves coming from
 thoracic part of the sym-
 pathetic below the stellate
 ganglion, 747*
 of heart on the functions of the sym-
 pathetic thoracic, 747*
 sensory, experimental contribution to
 knowledge of sensory cardio-
 aortic tract, 747*
 Nichols, B. H., 503*

O

- Orr, James, 744*
 Otto, Harold L., 691, 697
 Ouabain, effects of, on the heart in presence of hypercalcemia, 45
 Owen, Trevor, and Clarke-Kennedy, A. E., 115*

P

- Palmer, Robert S., and White, P. D., 454
 Pappenheimer, A. M., and Von Glahn, W. C., 500*
 Pardee, Harold E. B., 628*
 Parkinson, John and Bedford, D. Evan, 372*
 Peek, John H., and Meyers, M. M., 287
 Pericarditis, influenzal, 244*
 Pericardium, effect of, on cardiac distention, 112*
 effusion of, encapsulated, 498*
 malignant condition of, 744*
 Pneumonia, digitalis in, 246*
 displacement of heart in children, 376*
 Pneumothorax, changes in electrocardiogram when the heart has been rotated, 472
 Preston, Marjorie, and Schmitz, Herbert M., 114*
 Pulse, resonator, 360

Q

- Quinidine, in coronary thrombosis, 253
 complicated by ventricular tachycardia, sulphate treatment of auricular fibrillation, 622*

R

- Radium, destruction of sinoauricular node, 208
 Ralli, Elaine P., Katz, Louis H., and Cheer, Sheo-Han, 739*
 Reid, William D., and Kenway, F. L., 497*
 Respiration, influence of physical training, 120*
 Rheumatic fever, bacterial allergy to, 621*
 nonhemolytic streptococci, cardiac pain in, 621*
 effects of tonsillectomy, 619*
 epidemiology of, 123*
 heart block, after digitalis, 196
 prognosis and treatment of, 31
 studies in pathology of, 500*
 value of electrocardiogram, 497*
 Rheumatism, acute in childhood, 744*
 detection and supervision of in children, 504*
 epidemic at a cardiac camp, 277

- Rhoades, C. P., 497*
 Rhythm, gallop, clinical significance of, 742*
 Rhythm, reciprocal, 619*
 Richard, Dickinson W., Jr., and Strauss, Marjorie L., 739*
 Ring, Gordon C., Schneider, E. C., and Clarke, R. W., 120*
 Ritter, Samuel A., Gross, L., and Kugel, M. A., 433
 Roberts, G. H., Eckerson, Lowell B., and Howard, Tasker, 748*
 Robey, William H., 619*
 Roentgen ray, determination of cardiac hypertrophy by, 740*
 effect on rheumatic carditis, 503
 heart lesions produced by, 124*
 study of aorta, 503*
 Rogers, Floyd L., Covey, G. W., and Crook, R., 622*
 Rosenberger, H., and Crawford, J. Hamilton, 113*
 Rosenthal, A. H., and Lambert, R. K., 114*
 Rozkowski, C. L., 243*

S

- Sailer, Joseph, 447
 Sale, P. J., and Campbell, J. M. A., 115*
 Saphir, O., and Scott, R. W., 374*
 and Cooper, G. W., 375*
 Schlesmeyer, Bernard, 745*
 Schmitz, Herbert M., and Preston, Marjorie, 114*
 Schneider, Edward C., Clarke, R. W., and Ring, G. C., 120*
 Scott, R. W., and Saphir, O., 374*
 Seegal, David, and Seegal, Beatrice C., 123*
 Seegal, Beatrice C., and Seegal, D., 123*
 Serum disease (*See* Anaphylaxis and Allergy)
 Siebert, Walter J., and Johnson, S., 279
 Siegel, Mortimer L., and Feil, H., 498
 Simon, Saling, and Baum, Felix, 499*
 Sino-auricular node, destruction of, by radon, 208
 Smith, F. Janney, Hartman, F. W., Bolliger, A., Doub, F. P., 124*
 Smith, Fred M., 112*
 Smith, G. G., 245*
 Smith, W. Carter, 723
 Solitermann, M. L., and Michailoff, K. F., 118*
 Spleen, pulsating in aortic insufficiency, 447
 Stecher, Robert M., 567
 Stevens, W. B., and Levine, S. A., 253
 Stewart, Harold J., Crawford, J. H., and Gilchrist, A. R., 619*, 620*

- Stone, C. T., and Vanzant, F. R., 373*
 Strauss, Marjorie L., and Richard,
 Dickinson W. Jr., 739*
 Strauss, Sidney, and Meyer, J., 328

S

- Strickland-Goodall, M. B., 243*
 Swift, Homer F., 629
 and Hitchcock, C. H., 621*
 Derick, C. L., and Hitchcock, C. H.
 L., 621,* 741*
 Syphilis of the heart, 746*

T

- Tachycardia, paroxysmal in a boy, 368
 paroxysmal ventricular recognition,
 177
 supraventricular, 319
 ventricular, quinidine in coronary
 thrombosis complicated by, 253
 ventricular, showing bidirectional
 electrocardiograms, associated with
 digitalis therapy, 723
 ventricular, paroxysmal rhythmic al-
 teration in direction of com-
 plexes, 454
 Taylor, Ruth E., 244*
 Thoroughman, J. C., and Davison, Hal.
 M., 746*
 Thrombosis, coronary, quinidine in, 253
 coronary, of right and left vessel, dif-
 ferential diagnosis, 746*
 coronary, thoracic pain persisting
 after, 748*
 Thrombus, ball in left auricle, 622*
 Thrombus in heart, 107
 Todd, A. T., Clarke, R. D., Coombs,
 C. F., and Hadfield, G., 372*
 Tonsillectomy, effect of, on rheumatic
 fever, 619*
 Tuberculosis, pulmonary, electrocardio-
 graphic studies, 499*

V

- Vanzant, Francis R., and Stone, C. T.,
 373*
 Venous pressure, in cardiac decompensa-
 tion, 125*
 Venous pressure, as a guide to venesection
 in congestive heart fail-
 ure, 375*
 Viko, L. E., 107
 Vocational training, in cardiac classes,
 91
 Vomiting, reflex from heart, 123*
 Von Glahn, William C., and Pappen-
 heimer, A. M., 500*

W

- Weinman, S. F., and Katz, Louis N.,
 121*
 Weiss, Soma, and Blumgart, Herrmann
 L., 111*
 Weiss, Soma, and Hatcher, R. A.,
 123*
 Wenckebach, K. F., and Winterberg,
 Hch., 627*
 White, Paul D., 499*, 742*
 White, Paul D., and Killins, Wendell
 A., 245*
 and Leinbach, R. F., 422
 and Burrage, W. S., 246
 and Jones, T. Duckett, 190
 and Mudd, Seeley G., 1
 and Palmer, R. S., 454
 and Sprague, Howard B., and Kurtz,
 C. W., 77
 Wiggers, Carl J., 118*, 119*
 Wiggers, Carl J., and Katz, Louis N.,
 117*
 Willius, Frederick A., 139, 230, 742*
 Wilson, J. A., and Meek, Walter J.,
 112*
 Winterberg, Hch., and Wenckebach, K.
 F., 627*
 Wolferth, Charles C., 499*, 706
